New Village For Tulip Time Is Described

HOUTMAN TELLS WHAT LITTLE NETHERLANDS ON CENTRAL AVE. AND 13TH ST. WILL LOOK LIKE

It is believed by the Tulip Time Committee that the Little Netherlands Exhibit, in its new outdoor garden setting will prove a far greater attraction this year than it was in 1938 when it was the feature of that year's festival. Many new features are being included by the same staff of workmen who worked so hard and long in preparing the original units. Mr. Ernest Wamoy, sculptor, and Peter J. Kolan, artist, are putting the miniature figures into shape for outdoor exposure. The exhibit will cover considerable more area than previously and will include a new planting of between 300 and 400 shrubs and as many flowering plants. Entirely new sections of Dutch life are being added. One of these is a reproduction of Alsemeer, an exceedingly quaint town in the bulb-growing district. Here there are canals between the street and the houses. Each house is reached by a small foot bridge that is so pivoted that when a canal boat chooses to pass it merely noses each one out of its way.

At this exhibit we notice that water is as conspicuous in Holland as mountains in Switzerland. The simile is particularly significant when we see that from the deck of the canal boat we look DOWN upon the red-tiled housetops! No wonder the Dutchman has become obstinate when he has had to maintain his farm and family against the ever-threatening water, which, in some cases, rises as high as forty feet above his land! To hold back this water it has been necessary to construct hundreds of miles of dykes and canals. Many of these works date back to the Roman occupation.

There is some compensation in the fact that this which Holland must continually battle provides a living for some 20,000 of its families in the fishing industry. The fishing boats in the Little Netherlands are clever examples of craftsmanship. The old sailor who designed them tells of sailing out of Stavoren and seeing, many fathoms below, the ruins of a city inundated years before. When the water was unusually clear they searched the church spire and could see the bleached skeletons in the church yard.

The canal boats shown are interesting in the extreme. Evidently the owner and his family live aboard as there is a little cabin with smoke pouring out of its chimney, and children playing on deck. Another glance reveals the mother hanging the family wash on a line strung from the halcyons. The captain is in the stern dropping a few coppers in a wooden shoe suspended from a string on a stick. This stick is held by a man standing near a drawbridge overhead. The man is the bridge-tender and uses this traditional method to collect toll for his services in allowing the boat to pass. To save these pennies many a captain has his boat's mast tinged so it may drop to the deck.

Spending precious time and money on his dykes, the Dutchman means to utilize them fully. He lays his roads on them and in the towns like Utrecht, he cuts storage and living space out of their sides. Visitors are puzzled by the beams projecting from the gables of most buildings. As cellars are damp and stairways narrow, goods are hoisted up into the attics with block and tackle for storage. In the down-town area shown, the arrangement of canal at the rear, and street at the front of buildings is typical. There is one peculiar building, one half of which is brick and the other plaster! It is explained that two men, each owning a half interest and not being able to agree on construction material, decided to let each have his own way and so live in peace regardless of what the rest of the world thought!

At the street marketplace one must expect to find a variety of costumes as it is the gathering place of the entire countryside. But the variety of merchandise is too great to describe! On the brick pavement and in the stalls may be found everything from pigs to pottery and butter to bouquets. Next we find the locks of which Holland has the world's largest. Back of the sand dunes which form a natural dike, against the North Sea, we see the bulb-growing section which reaches from Haarlem to Leyden.

In the Zuider Zee are the islands of Marken and Urk. Costumes and cottages are equally quaint; many of the latter being built on stilts to clear the high water. Volendam homes are much the same as Marken's. Volendam differs in that here the men let their voluminous trousers reach almost to the ankles; at Marken they buckle them to the knees! Next we see the peat fields. The Hollander works magic with his soil! He grows the world's best bulbs in barren sand; on the other hand he cuts his muck land into bricks, stacks it up to dry and then uses it for fuel!

Here is a typical Netherlands Farm. That the house and barn are built in one unit does not mean that the housewife sacrifices any of her reputation for cleanliness! Quite the contrary is true. That barn is as clean as most of the world's homes! Notice that those little white curtains at each window are kept immaculate! Over the chimney is a stork's nest. As this is in Egypt, so the stork is here, an omen of good luck. Along the country roads are found occasional wayside shrines one of which is shown here. Not because of its beauty is this replica of the Delftshaven church included in the Little Netherlands. Its significance is historical. Here it was, back in July of 1620, that the American bound pilgrims gathered for a last service before embarking on the voyage that brought them finally to Plymouth Rock and the Promised Land!

A Pipe, A Boy—But No Light

EARL CRANMER

Beernink Studio.

While the Tulip Time Committee has no desire to encourage smoking among youngsters here, Dutch boys are encouraged to do so in The Netherlands from a very early age on. The men of The Netherlands are probably the most thorough-going smokers in the world. A Dutchman without a pipe somehow does not make a complete picture. In the picture are shown 3 year old Herbert Wybenga, son of Mr. and Mrs. Herbert Wybenga, of 129 East 16th Street, and Earl Cranmer, 3 year old son of Mr.

and Mrs. B. Cranmer of 181 W. 14th Street. The pipes in their mouths remind us of the incident in the history of the Dutchman in The Netherlands, who, in his will, left all his money to smokers of his native village. Cigars and tobacco was to be portioned out to every man and boy in equal amounts at stated intervals until the original amount of the legacy was exhausted. Nowhere but in Holland would such an incident be accepted without an investigation into the donor's sanity.

Dr. and Mrs. R. Nykamp and daughter of Peabody, Kan., will arrive in Zeeland the first week in May and the doctor will open a general practice with offices in Zeeland.

Dr. Nykamp is a graduate of the Holland Christian high school and of Hope college. News Items Taken From the Files of Holland City News Sixty, Fifty, Forty, Thirty, Twenty and Ten Years Ago Today

Sixty Years Ago Today

As this seems to be the week for a good many new things, we will mention another: Mr. Charles Mulder will open a new grocery store on Monday next in Jan W. Bosman's building in the first ward, at one time occupied by Schouten & Meengs, druggists. Note: The building in question is still there.

Esquire Isaac Fairbanks has purchased the large blacksmith shop formerly occupied by C. Van Bruggen on River st., and is fitting it up for a justice office with a large room in the rear for a supply depot for threshing machine repairs. He will also commence to deal in seed grains of improved qualities as soon as he can fit out the building. Note: Mr. Fairbanks, as has often been told in the News, was the first white man in these parts. He was sent here by the U. S. government as interpreter between the Indians and the Hollanders when Dr. Van Raalte came. He had a trading post and a farm in Fillmore, but later moved to Holland and his home was where the Knapp filling station is now across from the city hall. The building in question is still there occupied by the Unema Shoe Repair.

E. J. Harrington had a chartered schooner at his dock on 5th st., being laden with brick to be taken up north, and the schooner will return with a cargo of lime and shingles. Note: As was stated in a recent issue of the News, parts of the old dock are still found on 5th st. It formerly was a substantial structure with a good sized warehouse. The light engine and train of cars, which has been constructed for the Chicago & West Michigan railroad to be run between Muskegon and Holland, made their first trip Thursday. They appear neat and pretty and are calculated for passenger travel only.

Fifty Years Ago Today

Fred Wade of Saugatuck has been appointed postmaster of that village. Note: Fred was at one time "printer's devil" of the Holland City News. He was a brother-in-law of Ray Nies, the local hardware man, and was at one time state legislator of Allegan county. He passed away some years ago.

The News gave an outline picture and the building of the great Eiffel tower in Paris, France, a tower that is still in existence and is 185 feet high. Anyone that can read knows what and where the Eiffel tower is.

Dr. Reuse of North Holland, a widower of 61 winters and summers, and Miss Mathilda Grootbars, a lovely maiden of 19 seasons, were united in the bonds of matrimony a few days ago.

The Ottawa County Building & Loan Assn. will open a new series, the fourth, of stock next Saturday evening in the Kanters block. At that time \$500 will also be loaned to the highest bidder.

A flag staff has been placed on the Cappon-Bertsch tannery to be used on all patriotic occasions.

Prof. John Kleinhessel of Hope college bought the large residence of Rev. Henry E. Dosker on 9th st.

The thermometer registered 72 in the shade on April 17. Rather summery for April.

John J. Kuiters has been appointed the postmaster of Graafschap.

Columbia Hose Co. No. 2 of 1st ward were out on practice and it took the boys 32 seconds, more or less, to run 100 yards of hose and get ready for water. It was an excellent showing for our fire laddies.

Forty Years Ago Today

A bicycle built for two isn't it for a minute when compared with a rocking chair built for one and occupied by two. Note: The editor apparently was a little ambiguous. Whoever heard of a tandem rocking chair?

Dust, mud, water and ice, all within a jump's distance, such was the sordid condition of 8th st. during the week.

C. Blom, Sr., Tuesday displayed a 24-pound muskellunge at his place of business which he caught in Black River. Mr. Blom was not only a good hunter, but a good fisherman as well.

Bicycles are becoming very popular in Zeeland. The craze has just fully begun.

Chan Hoy and Lee Sing have opened up a laundry to be known as the Hermitage in the store formerly occupied by the Holland Tea Co. at 182 River ave., all work to be done by hand, Chinese style. Note: This building was on the site of Charles Van Zyl's vulcanizing shop. The Chinese were the real thing—pigtails, kimonos and all. Chan Hoy later became a restaurateur in Grand Rapids and died well.

Monday night the steamer City of Holland cut loose from her moorings, bucked through the ice of Black Lake, making her first trip to Chicago on her summer schedule. The steamer Soo City has been overhauled and will follow the City of Holland shortly. Note: Those were the days when those delightful trips by boat to Chicago were still popular and before the advent of the automobile, which has killed off many old-time methods of transportation.

Thirty Years Ago Today

John Posma of East Saugatuck died at the age of 73 years.

Henry Brusse is the newly-elected mayor of Holland, and Richard Overweg was elected city clerk. In the second ward Vernon King was elected Socialist candidate for alderman, and Henry Hyma and John C. Dyke, Democrats of the third and fourth ward, were also elected for aldermen.

The News devotes considerable space to the marriage of Miss Anna Veneklaassen of Zeeland to Tom Marsilje of Holland, the marriage taking place at the home of the parents, Mr. and Mrs. Albertus Veneklaassen, Rev. William Moerdyke officiating. The ring service was used, and the bride was dressed in white silk crepe de chine, and carried brides' roses. The groom's father, Hon. Isaac Marsilje, the item states, presented the couple with a check for \$2,000. The parents of the bride also gave substantial gifts, and there were many gifts from friends.

Sheriff Andre was in West Olive Saturday investigating the robbing which was given to several local option speakers at that place. The officers could find no one who was willing to tell anything concerning the affair and had to return home empty-handed as far as evidence was concerned.

Roy Calkins, the popular River St. candy retailer, has sold that part of his business to an Italian firm, headed by H. Spagnola, who has been doing a similar business in Zeeland. Mr. Calkins will devote all his time to the making of ice cream, in which he has had a lucrative business. The Calkins store was located where the Superior sport shop is now.

Twenty Years Ago Today

To the long list of enterprises Henry P. Zwemer will build a \$5,000 garage at 279 East 8th st., 44 x 56 feet, two story. The lumber used is to come from Mr. Zwemer's woods at White Cloud, Mich. where he has already saved 200,000 feet besides 15,000 railroad ties purchased by the government. The building of the garage necessitated the moving of a house, which was purchased by James Eppink, who lives four miles out on East 16th st., and the house was taken down from the spot by means of a farm tractor.

The anti-movie party won in Zeeland, according to the columns of the News of that time. All the present officers were re-elected, among them Mayor Van Dyke, who won over D. Moynstra by a vote of 374 to 331. The aldermen polled the following votes: John A. Hartgerink, 558; David De Bruyn, 333; John Staal, 357; John Haan, 335; Jacob A. Elenbaas, 367; William Hieftje, 297. The treasurer, Ben Goosen, won over A. De Koster, 417 to 205. Movies or no movies was injected in the campaign although it was not so placed on the ballot. Anyway, it was considered that the anti-movies won. Just how true that it is too far away to conjecture. After 20 years Zeeland has no moving picture theatre although a few attempts have been made to build one. The late James Himebaugh, one of Holland's first theatre men, was one who made the attempt but nothing ever came of it.

Born to Mr. and Mrs. C. Lubbers of Zeeland, a boy; to Mr. and Mrs. William Van Dyke, a daughter; to Mr. and Mrs. J. Vanden Heuvel of Zeeland, a son; to Mr. and Mrs. Bernard Poest, Jr., a daughter; to Mr. and Mrs. Bernard Diepenhorst, a girl, all of Zeeland.

Oria Arnold, a Holland boy who fought in France for the 27th division, was in Grand Haven to visit his uncle, E. L. Blakesley, the Grand Haven Tribune says. He brought with him a great many relics from the trenches, including an officer's automatic revolver with stock attached, and a fine pair of binoculars.

A \$6,000 school is to be built at Forrest Grove and one near Holland will be used as a pattern.

Ten Years Ago Today

Holland has made tremendous strides in the past few years in the illumination of its principal streets. Boulevard lights have brought the electric sign, scores of them in fact, but the council is going still farther and will place lights on the following streets: 8th st., west from River to Pine, and north from River ave. from 8th st., to 1st ave.; East 8th from Lincoln ave. to Fairbanks ave. NOTE: Quite a difference from the time when Holland had only four lights from River ave. to the depot. Passengers on trains coming through the city scarcely knew there was a town here. The Holland City News worked hard for many years together with others in the city to convince folks that a boulevard lighting system was not only a boon to the city, but a great advertisement.

Ruth Boone, 49 West 19th st., boasts of the proud owner of a litter of five Pekinese puppies.

Dr. W. G. Winter has a display of trophies from his hunt in northern Arizona in the window of Ollies Sport Shop.

Born to Mr. and Mrs. William Donnelly, River ave., a son.

Al Joldersma of Holland is the youngest member of the Board of Supervisors. He is 23 and Cornelius Rosenraad of Zeeland is the dean of the Board. NOTE: Mr. Rosenraad passed away last year.

Holland High Band Will Go To Ann Arbor

HUDSONVILLE, FENNVILLE, JAMESTOWN BANDS ARE ALSO TO COMPETE IN MUSICAL CONCLAVE

Holland high school's band and orchestra will be in Ann Arbor this Friday and Saturday to compete in the annual Michigan School Instrumental Music festival under the auspices of the Michigan School Band and Orchestra association, which is given in cooperation with the Michigan Schoolmaster's club and the University school of music.

Eugene F. Heeter, music director, and Stuart A. Ludlow and Miss Trixie Moore, other faculty members, will accompany the students. According to Mr. Heeter, students who enter this fete compete against a standard of perfection rather than against others who enter, and they learn to take criticism as well as praise. The principal purpose of such a festival is to aid the individual performer by good constructive criticism.

The solo and ensemble sessions will be held Friday, and the bands and orchestras will play Saturday. Friday night the University of Michigan band will give a program in Hill auditorium. Saturday night there will be a marching band review, and a finale by a massed band of 500 high school musicians in the Yost field house.

Approximately 5,000 students, comprising 82 bands, will take part in the fete.

Those from Holland to take part in the solo and ensemble sessions are Patricia Haskins, Margaret Hartman, Robert Meredith, James Van Dyke, Jack Tirrell, Kenneth Buys, Alvin Schutmaat, Shirley Shaw, Cleone Topp, Harvey Van Dyke, Pauline Loew, Franklin Esenburg, Vernon Houting, Don Kuite, Don Ihman, Robert Walters, Ted Evans, Robert Spaulding. The ensembles are the elementary string quartet, senior high clarinet quartet, senior high woodwind quintet, senior high saxophone quintet, a cornet trio, a brass sextet, and the senior high string quartet. The Holland high orchestra and elementary school band as well as the Holland high concert band will participate Saturday.

The Hudsonville and Fennville bands and the Jamestown orchestra, all under the direction of Bert Brandt of Holland, will make the trip in private cars.

The Hudsonville band took part in the Festival last year, and this year are taking 39 players. The required number is "Northern Sun" (overture) by Yoder, the selected number is "Cyrene" (overture) by Fulton. The band has two rehearsals per week.

The Fennville band of 34 pieces will play "King Arthur" overture, Thomas and "Sandra" overture by Holmes for their selected number. Two students of the Beechwood school will go with the Fennville band: Bernard Kool, cornet, and William Kool, euphonium.

The Jamestown orchestra of 27 pieces will include five violin players from the Beechwood school: Ruth De Boer, Jean Wiersma, Jay Weener, John Talsma and Joseph Amy. The Jamestown school has only three rooms. The orchestra personnel is taken from two rooms including grades from 4 to 10. There are less than 60 students in these two rooms, about twenty of them taking instrumental music. This orchestra is entered in class D (it really is a class E school). They will play the same number as the junior high orchestra, some of which have an enrollment of several hundred students, and an orchestra of 100 pieces, and probably rehearse 5 days per week. They will play "Fair Maid of Perth" overture, Widdell, for their required number and "Festival" overture, for their selected number. The orchestra has one rehearsal per week.

All three groups have been working diligently for several weeks on this program and will do their best to represent their communities. They will have an opportunity to hear many other organizations play—this alone is worth the trip. The bands and orchestras do not compete against each other, but compete against a standard of perfection. They will be rated in divisions: 1st division—highly superior, 2nd division—Superior, 3rd division—excellent, 4th division—good, 5th division—fair.

The organizations are classed according to the enrollment of the school. Class A includes schools with an enrollment of over 750. Class B—enrollment between 250 and 750. Class C—between 100 and 250. Class 4—under 100 and junior high.

The University of Michigan dormitories as well as private homes will be used to house the visiting musicians.

A sixteen-year-old youth of this city was arrested Saturday night and bound over to probate court. He was arraigned before Justice John Gallen on a charge of breaking and entering the Ideal Dry Cleaners on College Ave., and also confessed entering the Louis Padnos paper warehouse on River Ave., Swift & Co. ice cream plant twice, and the Low Wood Kraft office at West Third St. Later he admitted breaking into the office of the Grand Rapids Motor Express Co. on Seventh and Pine, but obtaining only a box of advertising material. The youth is stated to be on parole from the Boys' Industrial school at Lansing, where he spent some time for breaking charges in this vicinity some time ago.

The home of Mr. and Mrs. Cecil Huntley was the scene of a box supper Monday evening when their daughter, Mrs. Neal Mills of Los Angeles entertained her former bridge club. Vari-colored renueaux from Mrs. Mills' garden in Los Angeles comprised table decorations. Mrs. Mills sent the flowers by air mail.

LAKEWOOD FARM PROPERTY TO BE RESTRICTED

The people of Holland and vicinity, especially those who own property in the resort section, will be pleased to learn that while the name of the purchaser or purchasers of this property was not disclosed at the time of sale and title to the property was taken in the name of The Trust Company of Chicago, as trustees, it now appears that this property has been subdivided into large lots for home sites and restrictions as to its future use and occupancy.

The property from now on is to be known as "Lakewood Homesites" and will not only serve as resort property, but due to its accessibility and nearness to Holland will also serve for year-round homes.

We certainly are glad to feel assured of the fact that this beautiful property is highly restricted and will be used for home sites only. This information was acquired through Mr. Isaac Kouw, who is in charge of this Getz property. Furthermore this should also prove to be valuable information to the people of Holland itself as well as to owners of lake front property in the same and nearby vicinity. This naturally will tend to increase present values and will assure more definite demand for lake front property in that neighborhood in the future.

Sloops Will Race In Macatawa To White Lake Event

ANNUAL SKIPPERS REGATTA WILL BE HELD AT SPRING LAKE ON AUG. 4 TO 6

(Muskegon Chronicle)

Western Michigan Yachting Association yachtsmen are to have a full season of activity on Lake Michigan this year in addition to the usual activity on inland lakes. Commodore Smith B. Taylor of Spring Lake announced after a meet held recently in Grand Rapids at which handling of details for each event was turned over to committees. Plans are made that each port shall share in activity bringing yachtsmen to it at least once during the season.

The annual association regatta is to be Aug. 4, 5, and 6 on Spring Lake and beside this the skippers regatta and eliminations for the Sears cup for junior sailors, will be held on inland lakes. In conjunction with the annual regatta all clubs in the association are invited to send boats and sailors to Spring Lake to take part in the Venetian night parade planned for Aug. 4, as part of the third annual Grand Haven Coast Guard Water Fete. Arrangements are in the hands of the Spring Lake club which plans an outstanding event this year.

Lake Michigan events will provide for power craft, cruising yachts and racing yachts. The first event in which Western Michigan Yachting Association is to participate will be the Chicago, Milwaukee, Holland race July 4, with all classes of boats invited to Macatawa Bay for the yacht rendezvous there. July 15 a race is planned for class 22 racing sloops from Macatawa Bay to White Lake with association members to gather in White Lake for the finish. A cruise for power and sail cruisers is planned in conjunction with the race.

The final roundup of yachtsmen for the season is planned at Spring Lake Yacht club Sept. 2 for the finish of the Milwaukee-Spring Lake Queen's Cup race, in its second year. Chicago, Milwaukee and Spring Lake yachtsmen took part in the thrilling race last year and an even larger entry list is expected this year. After the finish, the Spring Lake Yacht Club is to offer entertainment to the racers and association members who gather for the finish, at a corn roast and dancing party.

FRANK KUIITE, FORMER HOLLAND MAN, DIED OF HEART FAILURE

Frank Kuite, a former Holland resident, died of a heart attack at the home of his daughter, Mrs. George Wendell, St. Joseph, Michigan.

He was born in Holland October 26, 1868, and was the son of the late Mr. and Mrs. Leonard Kuite, who for many years lived on Pine Ave. and Ninth St. For several years he worked in the Cappon-Bertsch Leather Co., and later was janitor of the local St. Francis de Sales church. His wife, the former Miss Anna Shoemaker, passed away ten years before.

The funeral rites of Mr. Kuite will be held today, Friday, at 9 p. m. from St. Francis church. Rev. Father John M. Westdorp giving the requiem high mass. Interment will take place in the family plot in the Holy Sepulchre cemetery.

The body was in charge of Dykstra Funeral Home, where friends were privileged to pay their respects.

Mr. Kuite was born in this city Oct. 26, 1868 to Mr. and Mrs. Leonard Kuite. He was a former janitor at the local Catholic church. Besides the daughter, he is survived by four sisters, Mrs. Lars Solosh and Mrs. Alice Kuite, both of Grand Rapids, Mrs. Gerrit Exo of Holland and Mrs. Delbert Kuite of Dodge City, S. D.; three brothers, Cornelius of Holland with whom he made his home here, Anthony of Redlands, Cal., and William of Grand Rapids; and three grandchildren.

Local Student Goes Long Way In Scholarships

HAS ADDED THE SERVICE SCHOLARSHIP OF U. OF CHICAGO TO HIS MANY OTHERS, WAS STAFF WRITER FOR HOLLAND CITY NEWS

A service scholarship in the department of English at the University of Chicago has been offered to Peter Veltman, son of the Rev. and Mrs. Douglas Veltman of this city. The offer bears a stipend of \$300. During the past year, Veltman has been studying at the Graduate School at Western Reserve University, Cleveland, Ohio. He will graduate with his M.A. in June.

The scholarship is Veltman's fourth. In 1934, he, as salutatorian of his graduating class from Holland high school, was awarded the four-year scholarship at Hope college. Last year, besides the \$300 scholarship from Reserve, where he is now attending, he received a scholarship at the University of Colorado at Boulder.

During his career at Holland high, the Holland young man was elected to Quill and Scroll, journalistic society, and was also elected member and president of the National Honor Society. He served as business manager of the Holland

STATE TAX SALE

IN MAY AT COUNTY
TREASURER'S OFFICE

According to the state lists there
would be 2,685 property descrip-
tions listed May 2 at the county
tax sale on May 2 at the county
tax sale at 10 a. m. Fred Den Herder,
county treasurer, says, however,
that the number will probably be
reduced to 2,000 as tax payments
have been made to take nearly 700
off the list.

The sale last year, the first since
1931, listed 2,300 parcels and only
31 were bid in by private individ-
uals, the state bidding in the remainder.
According to a change
in the law, owners have until Sept.
30 to redeem these properties bid
in by the state on payment of a
six per cent collection fee on the
amount of the taxes owed. The
sale this year includes delinquent
taxes for 1936 and properties delin-
quent that were not included in last
year's list.

MAY DAY AS COW DAY AS-
SURED OF SUCCESS

May Day as Cow Day in all of
the schools in Allegan County is
surely to be a success if the meet-
ing of more than 100 committe-
men and D.H.I.A. members in the
Court House Friday, April 21, is
an indication of the number who
will conduct meetings.

Plans for the meetings to be
held in the schools were explained
to the committeemen and city
schools were definitely assigned.

Mr. Harvey Hooley, Smith-
Hughes Agricultural Instructor, in
the Allegan high school and his
group of F.F.A. members have the
biggest program of any group in
the county. Besides the high school
and junior high, there are three
grade schools in Allegan that will
cooperate with the County Dairy
Committee in putting on this pro-
gram.

The agricultural students assist-
ing Mr. Hooley and most of them
belonging to the local F.F.A. chap-
ter, are: Howard Strand, Elmer
Sandahl, Lyle Whistler, Harold Ed-
gerton, Harland Blair, Art Hylas-
ki, Alton Brownell, Merrill Wood-
hams and Robert Hopkins.

Plans in Allegan are to secure a
truck or trailer large enough to
hold a cow and calf, the animals
will be transported from one school
to the other and be present at
these schools while the program is
in progress there.

Funeral services were held Tues-
day for Mrs. Grace Klinge, aged
39, wife of Herman Klinge of 106
East 24th st. She died at Ann
Arbor hospital where she had been

operation. Rites were performed
by the Rev. I. Van Laar, pastor of
Prospect Park Christian Reformed
church at 2 p. m. from the Lange-
land Funeral Home. Interment
took place in Pilgrim Home cem-

pay their respects on Monday. Sur-
viving besides the husband, are five
sons, Lester, Floyd, Donald, Nelson

Joseph Klinge of Holland.

Mrs. W. L. Wismeier presided
at a meeting of the Women's Aid
Society of Hope Reformed church.
Plans for remodeling the kitchen
of Hope church were discussed, and
a committee was appointed to aid
the board of the Aid society in
completing plans. Previous to this
meeting a one o'clock luncheon was
held, in charge of Mrs. H. S.
Maentz, Mrs. H. P. Harms and
their committee. About 60 attended.

GIVE EMPLOYEES VACATION

Every Kroger employee with as
much as a year of service will be
given at least one week of vacation
this year, L. O. Griffin, Grand Rap-
ids branch manager, said today,
which includes several in Holland
and environs. Liberalization of the
grocery firm's vacation policy this
year through reduction of the serv-
ice requirement to one year, will
add at least 2,400 employees to the
list, boosting the total to 13,127,
according to Griffin. He explained
that Albert H. Morrill, Kroger
president, inaugurated a vacation
plan for store employees in 1931,
authorizing a week's leave for the
managers that year. Later this was
extended to two weeks for man-
agers with five or more years of
service and one week for clerks
with two or more years' service
with the company. In 1934 the
Kroger company led the industry
by giving vacations to hourly-paid
warehouse, factory and transporta-
tion department workers. This year
the service requirements for both
store clerks and hourly-paid em-
ployees was brought down to one
year. Hiram Brinks, James Ver-
hey, Nelson Maskell, Ralph Willis,
Mike Vesle, Gordon Scheerhorn,
George Eilander and Sena Stegink
all Kroger employees in Holland al-
ready are planning their vacations.

Boy Electrocuted

As He Retrieves
Ball From Wires

Junior Kuipers, 14, of Zeeland,
was electrocuted Thursday after-
noon when he attempted to re-
trieve a baseball which had lodged
among the wires on a pole at the
transformer plant of the Consum-
ers Power company located at the
rear of the youth's home.

The boy was playing baseball with
a group of boys in the rear of his
home when the ball was batted into
the air and descending wedged be-
tween two wires at the top of the
pole. The young player volunteered
to retrieve the ball and climbed
the pole. As he reached for the ball
the current from the transformer
and wire held the boy suspended.
Chin and arm established a con-
tact. His companions looked on
helplessly as the clothing on
Kuipers began to burn and the
smoldering remnants of his
sweater dropped to the ground.

Manuel Wynga, who conducts a
store near the transformer, saw
the accident and telephoned the
Consumers Power company at
Grand Rapids to shut off the power
which was promptly done. Zeeland
linemen then climbed the pole and
brought the boy's body to the
ground.

Junior was the son of Mr. and
Mrs. Herman Kuipers. Besides his
parents he is survived by three sis-
ters and two brothers.

S. S. Alabama Leaves Port

S. S. Alabama left Grand Haven
for Manitowish, Wis., where she
will go into drydock before being
commissioned for the 1939 season.
Capt. Morton Edgcombe, Sauga-
tuck, is in command of the ship
and L. J. Spgut is the first officer.
Following repairs at the Wisconsin
port she will go to Holland to be
fitted out for the tourist cruising
season, as she has been leased from
the Kirby lines by the Georgian
Bay line and will operate in con-
junction with the North and South
American, ships that winter at Hol-
land. The Grand Rapids Associa-
tion of Commerce is planning its
third annual fellowship cruise from
June 19 to 23 aboard the North
American or the Alabama for the
cruise to take in Bay City and to
end up at this port. The Grand
Rapids group is reported to have
invited business men from this city,
Haven, Holland, and Muskegon to
join the annual trip.

Principal J. J. Riemersma of Hol-
land high school has received word
from Registrar John C. Hoekje of
Western State Teachers' college in
Kalamazoo that Miss Frances de
Roos of Holland, freshman at the
college, has been named to the
highest scholarship list for the
winter term. This is a signal honor
in view of the fact that the stand-
ards required for this achievement
are very high. Miss de Roos rank-
ed fifth in a class of 212 when she
was graduated from Holland high
school in 1938.

A couple weeks ago Baking Soda was the topic of our column. There still are some very interesting points to be discussed especially the old question which causes needless worry. "How should the baking soda be added?"

The old procedure of adding the baking soda to the sour milk works but is a bit out of date. The reason for adding it this way was to dissolve the soda in case it was lumpy, but soda today doesn't form into hard lumps, and the most satisfactory way to distribute it throughout a batter is to sift it with the flour and other ingredients. It can be creamed with the shortening, too, but I am inclined to believe the best method and results are obtained by sifting it with the flour.

Should you still persist in using the "old fashioned" way, don't let the liquid in which the soda has been dissolved stand too long before using or else too much of the carbon dioxide gas used for leavening will be lost and a satisfactory product will not be obtained.

To many people the color of a chocolate cake plays an important part. Some prefer what is called a red chocolate cake and others a brown or black one. There are definite scientific reasons for a particular color in chocolate cakes not just chance. Its color is definitely linked with the quantity of baking soda used. If the recipe calls for a slight excess of baking soda the cake will have a very slight alkaline reaction and therefore a red color. Conversely, if there is a greater amount of available acid material than can be neutralized by the specific amount of baking soda, the cake will have a brown color.

If baking soda is used in right proportions the flavor of the baked product is not affected—the "baking soda taste" is only found in poorly balanced recipes or when careless measuring has been practiced. Use tested recipes and measure accurately.

CRISP SUGAR COOKIES

2 1/2 cups all purpose flour
1/2 teaspoon baking soda
1/2 teaspoon salt
3/4 cup shortening
1 cup sugar
2 eggs
2 tablespoons sweet milk
1/4 teaspoon lemon extract
Sift, then measure flour. Sift three times with baking soda and salt. Cream the shortening until light and fluffy. Gradually add the sugar, beating after each addition. Add the unbeaten eggs, one at a time. Beat briskly. Combine flavors and liquid. Blend very well. Cover dough closely with waxed paper and chill in refrigerator one hour, or longer. Turn on lightly floured board and roll thin. Cut in desired shapes with floured cookie cutter. Place on ungreased baking sheet. Bake at 375° for 8-10 minutes. Before baking, these may be garnished with sugar, nuts, candied fruits or as desired.

committee on the purchase of a fire truck.

Mr. Ketel stated that a delegation consisting of aldermen, firemen and members of the Police and Fire Board, went to Kenosha, Wis. a week ago last Monday, to inspect the fire truck manufactured by the Peter Pirsch Co. Mr. Ketel stated the committee also stopped and looked over a Seagrave truck. Mr. Ketel then went on to compare the merits of these two different jobs.

Among other things, he stated, that both trucks are assembled jobs, i. e. both companies buy a good many of the major parts that go into these trucks and manufacture only the smaller parts themselves.

Mr. Ketel also went on to show the comparison between the two trucks. He stated that so far as he could see from the information received, both these companies make trucks that are about on a par with each other. It was stated that tests were made to show the merits of the steel ladder as compared with the aluminum alloy ladder manufactured by the Peter Pirsch Co., and these tests show that under heat, the aluminum alloy was stronger. Mr. Ketel went on to compare item by item in the two trucks, and to sum it all up, he stated that so far as he could see there was little to choose from in one over the other. However, the difference in price of the Peter Pirsch truck was \$1,455.40 less than the Seagrave truck. Mr. Ketel stated that he was making this report for the information of the Aldermen, and suggested that they voice their opinions on which truck should be purchased after they have received the information which he was giving them in an impartial manner.

The Mayor then called on members of the Fire Department and Police and Fire Board who were present to voice their opinions. However, these men still felt that the Seagrave truck was the superior article and were in favor of the City purchasing a Seagrave.

Ald. Ed. Brouwer spoke at some length in regard to what he had seen on the trip and felt that in his opinion the Peter Pirsch truck was fully as good as the Seagrave. Mr. Brouwer did, however, voice the sentiment that in spite of his feelings as the matter, if the Fire Chief, firemen and Police and Fire Board still wanted a Seagrave truck, he felt that the members of the Council should grant them their wishes inasmuch as they are the ones who must use the truck.

City Attorney Clarence Lokker also voiced the opinion that inasmuch as the Police and Fire Board and firemen were practically unanimous, he felt that the Council could do no finer thing than to grant them their wishes in the matter since it had been his experience in purchasing motor equipment of any kind, that you get about what you pay for, and even if the Seagrave truck was somewhat more expensive, this difference is not so great when spread over a period of 10 or 20 years.

It was then moved by Ald. Brouwer, 2nd by Prins,

That the special committee be given a vote of thanks for their work in regard to this matter and that they be discharged.

Adopted.

It was then moved by Ald. Kalkman, 2nd by Kleis,

That the City purchase the Seagrave truck.

A Yeas and Nays vote was called for with the following result:

Yeas: Ald. Prins, Kleis, Drinkwater, Kalkman, Brouwer, Steffens, Ketel, Huyser, Menken, Vogelzang and Smith—11.

Nays: Ald. Oudemool—1.

The Mayor stated that this ended the work of the old Council and called upon the newly elected Aldermen and City Attorney to arise and take the Oath of Office.

The City Attorney was sworn in by the City Clerk, and the City Attorney then swore in the other officers recently elected.

HORRORS OF WAR CLEARLY DEPICTED BY HOPE SENIOR PLAY

The Women's Literary club house was well filled on Wednesday and Thursday evenings when the senior class of Hope college presented Channing Pollock's stirring drama, "The Enemy," with Miss Gertrude Young of Holland, and Gordon Fleune of Grand Rapids carrying the leading roles. The drama cast in Vienna in the years 1914 to 1919, is one which brings home most vividly the horrors of war and the awful results thereof, and is most difficult to enact. However,

MISS GERTRUDE YOUNG
Leading Lady in the Cast.

the cast, ably directed by Mr. Stanley Albers, dramatic coach at Union high school, Grand Rapids, portrayed their respective roles exceptionally well.

The cast includes the following: Pauli Arndt, heroine—Miss Gertrude Young; her lover and husband—Gordon Fleune; August Behrend, father of the story's hero, Carl Behrend—Robert Wismeier; Dr. Arndt, father of Pauli—Clifford Marcus; Bruce Gordon, an Englishman—John Olet; Fritz Winkelman, a newspaper reporter—Wilbur Jacobs; Mrs. Mizzi Winkelman—Margaret Allen; Kurt, son of Mr. and Mrs. Winkelman—ten year old Clyde Meredith; Baruska, the maid—Jean Hoekje; Jan, a friend of the hero of the story—Cornie Pape.

The play will be repeated Friday evening at 8:15 at the Woman's Literary club house.

Hope College Anchor

The cast is headed by Miss Gertrude Young, of Holland, as Pauli Arndt, and Gordon Fleune, of Grand Rapids, as Carl Behrend. The effect of war upon the lives of the young lovers is seen in the play. Professor Arndt, Pauli's father, represents all of Pollock's arguments for peace and in argument with August Behrend, a war profiteer, the force of propaganda during war time is seen. Arndt is played by Clifford Marcus of Holland, and Behrend by Bob Wismeier, also of Holland. Mizzi and Fritz Winkelman, played by Miss Margaret Allen of Findlay, O., and Wilbur Jacobs of Fremont, with Carl and Pauli, represent the "nice little people" whose lives are twisted and torn through war. Their son, Kurt, is played by Clyde Meredith, son of Rev. and Mrs. C. W. Meredith of Holland.

In Jan, played by Cornie Pape of Grand Rapids, and Baruska, who is Miss Jean Hoekje of Kalamazoo, the audience will see lives differently affected by the struggle from 1914 to 1918. Jan returns home a war hero, but injured and unfit for work. Baruska, who starts the play as a maid, sells butter and eggs enough at inflation prices to become as rich as the profiteer, Behrend.

Bruce Gordon, played by John Olet, represents the other nations in the struggle. An English student in Vienna at the start of the World War, he is forced from the home of his friends in Austria to return to the English army. Only a treaty of peace serves to bridge—but not to patch—the four-year gap in all their lives.

Tickets have been on sale during all the week, and plans have been made by Ed Heneveld, ticket manager, and Bill De Groot and Bob Marcus, of the business staff, to receive a full crowd all three nights.

Henry Morgan of Kalamazoo is the stage manager, and Mildred Kirkwood of Staten Island, and Lorraine Pomp of Overisel, are prompters. Esther Bultman of Holland.

Three Unusual Innovations For Tulip Time

TULIP PAGEANT FOR CHILDREN, DOG CART CONTEST FOR YOUNGSTERS, AND ART EXHIBIT FOR ART STUDENTS FOSTERED

"Tulip Tales," a community pageant will be a new feature of this year's festival. Its author is a Holland citizen, and it is being performed and directed by all Holland folk.

As suggested by Mayor Geerlings, Monday night, May 15, would be an appropriate night for Holland folk to attend. Saturday, May 13, was set for entertaining out-of-town guests with this pageant, and first seating privileges will be given them.

It was also suggested to give the pageant at the Wednesday school children program, and the mayor heartily agreed with this plan. It is constructive recreation for the children, and most fitting for this occasion. The mayor is very interested in giving children the best training, and stated that they would not have to be ashamed to have school children from the entire vicinity attend.

The Holland Exchange club, desiring to do its part toward making this year's Tulip Festival even more interesting than previous ones, is planning a dog cart contest, and the members are urging boys and girls between the ages of 8 and 14 years of age to enter.

The Lincoln, Froebel, Longfellow, Van Raalte, Washington, St. Francis, Christian, East Junior High, Junior High, Beechwood, Federal, Montello Park, and Virginia Park are the schools to be represented, and the first prize winner from each school will receive \$3, and each second prize winner, \$2. Then a \$15 first and \$10 second prize will be given to the winners of the entire group of contestants. Each contestant is required to march in the three parades. The principal of each school will decide the winner from his group, and a committee from the Exchange club will decide the final winners.

Originality will be taken into consideration, as well as conformity to Dutch customs and traditions and parade adaptability.

The Arts and Crafts guild also desires to contribute by arranging an art exhibit to be shown in The Netherlands museum during Tulip Time.

A jury, composed of Mrs. Charles R. Sligh, Mrs. Martin De Lin, Mrs. LaVerne Chapman, Ernest Wanrooy, A. C. Yost, Verne C. Hobbs, Charles E. Laitsch, and Fred A. Caro, Jr., will decide on the pieces of art to be displayed. Outsiders may also submit their works of art for approval or disapproval to this jury.

Oil paintings, water colors, pastels, sculpture, wood carving, photographs and samples of representative children's art will be included in the exhibit.

Transportation, insurance, storing, and returning the entries have all been arranged for, and the exhibit is being sponsored by the Holland Junior Chamber of Commerce.

.... The Holland Lion's club is also contributing to this year's Tulip Festival by making all new costumes for club members authentic. The old costumes will also be used in the parade to add color, for the Lions International colors are blue and yellow.

At the meeting when the costumes were decided, election of officers also took place. The president, Carl Harrington, appointed William Nies as chairman of the nominating committee, and others on the committee are James E. Cook, Henry Ter Haar, Rein Vischer, and Harry Wieskamp.

A 45-minute movie was shown by Eelsingh of Grand Rapids, who spoke about the peat industry in The Netherlands. "Turf" is an acid peat and is used for fuel, and the alkaline peat is used for fertilizer. Some peat fields are as large as 25 square miles. The peat blocks that are cut weigh about 15 pounds, and are shipped to a factory to be crushed. After the peat is crushed, it is pressed into bales.

After the peat has been taken from the ground, agriculture is carried on on this land. Peat is often used as a foundation material for road-building.

Great bogs are found in Drenthe, Overijssel, and Groningen.

City Inspector Ben Wiersma states that the 12th St. dump will be closed Monday until further notice in order that the area may be made presentable to visitors at Kollen park during the Tulip Time festival and summer season. The dump is located near the park's exit. Citizens are asked to dump their rubbish at the dump on the north end of Central Ave. This is a cleanup week reminder.

Born to Mr. and Mrs. Ben Nienhuis of East 32nd st., a son, Ronald Lee, at Holland hospital Saturday.

Mrs. Thelma Van Ark, West 12th st., an employee at the Owl Sandwich Shop, 179 River ave., who was charged with selling alcoholic beverages to a minor, namely Elmer Hoezee, 19, of Zeeland, was acquitted. Elbert Parsons brought up a motion to quash a charge against Andrew Leenhouts, the proprietor. That was sustained by Justice John Galien. After the trial, Hoezee pleaded guilty to a drunk and disorderly charge and was sentenced to 60 days in the county jail.

The first general rehearsal of the prologue of "Tulip Tales," the dramatic spectacle which is to be given as a feature of the Tulip festival program, was held at the Junior high school gymnasium Thursday, under the direction of Miss Mabel Apel, director of the Klompen dancers, Mrs. W. Curtis Snow, director of music and Mrs. Edward Donivan, director of dramatics. Those rehearsing were the "Elves," "The Child" and Father Knowledge.

FINES PAID DUE TO VIOLATION OF MICHIGAN FISH AND GAME LAWS

Arthur Dreese, 27, Ferrysburg, paid a fine and costs of \$31.85 in Justice George V. Hoffer's court, Grand Haven, following his plea of guilty to the charge of carrying fire arms in game territory in the closed season with no permit. He was arrested Sunday afternoon in Port Sheldon township by Forrest Lavy, conservation officer. Stanley Maka, Grand Rapids, was arrested Sunday at Bass river gravel pit for illegal possession of a fish trap. He was arraigned before Justice Howard Irwin and fined \$15 and costs of \$6.85 which were paid. Olen Davenport and Fred Zimmer were fined \$5 and costs of \$6.85 for spearing fish on Crocker lake without a license. The two were also arraigned before Justice Irwin. The arrests were made by Conservation Officers Forrest Lavy and Harold Treat.

The EWS club, which is composed of employees of the board of public works, enjoyed a dinner party Monday evening at Anchor Inn. About 75 were present. Members, their wives, husbands, and friends were guests. John De Boer pronounced the invocation; President Cornelius Roos introduced the toastmaster, Bert Smith, and short talks were given by Harold Karsten, Fred Slikkers, Charles Vos, Lane Kamerling, Joseph H. Geerds. Group singing and motion pictures shown by Mr. Karsten also were included in the program. Neal Houtman and his committee, composed of Mrs. Florence Miller, Margaret Ten Brink, and Len Koppelaar, were in charge of the program.

The Dutch Hospitality club, under the direction of Ray J. Kronmeyer, is sponsoring a membership drive throughout the city. Anyone may become a member by paying a fee of 25c and signing a pledge card. The pledge includes greeting all strangers. This club will inspect all houses that are to be listed for tourists, and those approved will be given display placards to show that they have been approved. Sight-seeing buses will have regular tours on the two Saturdays, two Sundays, and the Wednesday. Four hospitality departments will be set up for general information, and an emergency hospital will also be placed in the downtown district. Those desiring to become members can apply at the Tulip Time office "under the clock."

D. E. Benway, age 29, of Holland, paid a fine and costs of \$4.15 after pleading guilty to a charge of larceny before Justice Nicholas Hoffman, Jr. He was charged with stealing radiators from Al Voss.

At a meeting of the Holland Junior Chamber of Commerce, President James D. Bote appointed Melvin Van Tatenhove, a retiring director, as chairman of the committee for electing six new directors for the organization. Robert Mason, J. C. Wallen, Russell Klaassen, Earl Goosen, and George Hoeninga are also retiring directors. The new directors will be elected in May. Ray J. Kronmeyer and Robert J. Kouw are members of the state board of directors, and will head the delegates at the state convention at Pontiac May 5, 6 and 7. The local organization is entitled to 10 delegates.

The Grand Rapids Association of Commerce will have its thirtieth annual fellowship cruise in June, and the secretary, Alex T. McFadyen, has extended an invitation to members of the Holland organization to attend. The trip will be "around the horn" to Bay City and back, and will be made aboard the North American or Alabama. According to E. P. Stephan, secretary-manager of the Holland Chamber, anyone interested may contact him regarding this cruise.

HEN BATTLING CAT TO KEEP ADOPTED BROOD OF KITTENS

In a day or two three little kittens, born Easter Sunday, will open their eyes and see what is causing all the trouble in their young lives. Considerable unexplainable confusion has surrounded the three because of a continual battle for their custody between their mother and their foster-mother, a bantam chicken.

Nichols N. Prince, on whose three-quarter acre place, Dearborn, Mich., the kittens were born, has tried to separate the hen from her adopted brood, but on each occasion the bantam has found the kittens and has gathered them under her wings and refused to leave.

The little bantam, which is part wild pheasant, at first even resented the visits of the true mother at meal times and kept the mother cat away by pecking her head when she attempted to enter the nest.

The hen, which refuses to leave her adopted family even to eat, is being fed by Prince.

The kittens, meanwhile, seem entirely satisfied.

G. ARKEMA BUYS OFFICE BLDG. ON FRANKLIN ST.

The office building on Franklin street, Grand Haven, which has been occupied by Lieut. Col. George L. Olsen for some time, has been sold by the owners, Col. Olsen and Orrie Sluiter of Grand Rapids, to Gerald Arkema of Grand Haven. The interior and exterior of the building will be improved and in about two weeks the Citizens Realty Co., owned and operated by Mr. Arkema will be moved from the present quarters in the Masonic Temple to the Franklin street building. The upper story is a housekeeping apartment which will be rented by the new owner. No consideration was named.

Many Arrests For Game Violation

A total of 162 arrests for violations of Michigan Conservation laws was made during the month of March.

Fines paid by violators totaled \$720.10 and costs \$936.70. Jail sentences imposed totaled 593 days. Of the 162 cases, only one was lost in court.

Largest number of arrests was made for fishing without a license, 26 persons being brought to court on this charge. Second most common offense was fishing with more than the legal number of set or ice lines, for which 21 were arrested. Fifteen were arrested for spearing and possession of rainbow trout during closed season.

Corie Hirdes age 42, of Grand Rapids, died unexpectedly of apoplexy. He is survived by the widow, two daughters, Annelia and Merle; the father and a sister, Mrs. Douglas Gordon of Holland, and two brothers, Bernie and James of Grand Haven. Funeral services were held in Grand Rapids today at 2 p. m. Interment took place in Zeeland cemetery.

Members of the Saugatuck fire department responded to a call Tuesday morning when the kitchen of Mount Baldhead hotel was partially destroyed by flames starting from the large kitchen range. Damage is as yet unestimated, but the firemen kept the flames confined to the interior of the kitchen. The building and contents were insured.

Funeral services for Mrs. John Lubbers, age 61, who died at her home in East Saugatuck, will be held Saturday at 1:30 from the home and at 2 p. m. from the East Saugatuck Ch. Ref. church, the Rev. S. P. Miersma, pastor, officiating. Friends were privileged to view the remains from 7 to 9 p. m. Thursday, and may pay their respects from 3 to 5 p. m. today Friday. Surviving are the husband; a son, Wallace, at home; a daughter, Mrs. Bert Tien of East Saugatuck; a grandchild; two brothers, Ed Fredericks of East Saugatuck; and a sister, Mrs. Frank Boman of Holland. According to Jack Barendse, manager of the Michigan Unemployment Compensation commission at Holland, total payments for unemployment through April 19 amounted to \$278,917.11 for the local office. The average amount of the checks is \$11.30, and 24,405 checks have been issued since the payments began a few months ago. Partial unemployment benefits amounted to \$7,396.73, being distributed through 368 checks. The average of these checks is \$19.31. A total of 2,749 persons received payment, either total or partial, at the local office.

FISH SLEEP WITH EYES WIDE OPEN

Scientists reluctantly admit that they will probably never be able to determine whether a fish ever has insomnia.

The catch is that a fish sleeps with its eyes wide open, and that there is no really good way of telling whether a fish is really asleep, just waking up or merely lying around thinking.

Black bass, sunfish and perch sleep while resting on the bottom of lakes or streams, according to the fish division of the department of conservation. Other fish seem to rest on weeds and water vegetation against the surface.

The trout, like the other fresh water fish, sleeps with its eyes open and its fins may move while asleep. Certainly the gills continue action just as a man continues to breathe while asleep. How much a fish can see while asleep is another matter. It has been suggested but not proved that a trout's favorite alarm clock is a large Mayfly floating down stream over him.

Reorganize Old College Alumni Ass'n

ELECTION OF OFFICERS AND LECTURE BY DR. WICHERS MAIN FEATURES AT HOPE ALUMNI BANQUET

Dr. Wynand Wichers, president of Hope college, was the principal speaker at a banquet of Hope college alumni held in Trinity Reformed church. The banquet was also for the purpose of reorganizing the local alumni association.

In his lecture, Dr. Wichers emphasized the fact that a church related college had great opportunities, and there seems to be more and more interest in this type of school. He said that Christianity is the only solution for problems of the democracies, and problems of liberty and discipline can be reconciled by the church through educational institutions. Educators are beginning to realize this more and more, and this is the only way a true democratic life can be realized.

"Religion, as well as chemistry and physics, can be established as a science," said Dr. Wichers, "and the church is committed to giving intellectual sanction to faith."

He told of the cooperative study that the college is beginning with 21 other colleges and universities throughout the country, and also of the financial campaign that is being planned to build a new science building on the campus and to increase endowment.

Atty. C. Vander Meulen, president of the former local alumni association, which has not been active for several years, was toastmaster. Kenneth R. Osborne, head of the Hope college men's Glee club, rendered selections, accompanied by Mary Bolesma; violin solos were given by Harold Van Heuvelen, and a men's quartet, composed of Albert Shiphorst, Gordon Vanden Brink, Harold Van Heuvelen, and Gerald Bax, also sang several numbers. Paul Brouwer, assistant to the president, George A. Pelgrim, president of the general Hope alumni association, and Vernon Ten Cate, local attorney, gave short talks.

Members of the Trinity church Ladies Aid society served at the banquet, and tables were decorated with daffodils.

The following officers were elected: President, J. J. Riemersma, '14; vice presidents, Clarence Klaassen, '29, and Mrs. Harmon Den Herder, '18; secretary, Mrs. Kenneth De Pree, '26; treasurer, Bernard Arendshorst, '30. The nominating committee was composed of Dr. W. J. Van Kersen, Mrs. William Tappan, Mrs. E. J. Yeomans, and Paul Brouwer.

More than 80 women attended a successful tea in the home of Mrs. Henry Maentz on West 12th St. Tuesday afternoon. Spring flowers were used as decoration throughout the room. Mrs. Maentz, Mrs. H. P. Harms and their division of the Women's Aid society of Hope church arranged the affair.

The Nels Tulip Farm on Lakewood Blvd. has had a bed of early tulips in bloom since Saturday, and Mr. and Mrs. John De Haan, 78 West 18th St. also have some of the early variety blooming in their yard. Due to the warm weather since Saturday, after much rain, the early tulips are coming up very fast now, and that is a good sign for the others also. Most of the tulips should be out by the time the festival opens on May 13.

Miss Grace Palmbo and Miss Bernice Schaap were hostesses at a surprise party honoring Miss Mildred Brandson at the N. Bosch home on West 12th St. The bride-to-be was presented with two gifts. The evening was spent in playing games for which prizes were awarded to Jennie Arendsen, Janet Veenhoven, Florence Albers and Henrietta Bosch. Refreshments were served.

David Van Dyke is in Sandusky, Ohio, where he is employed.

W. J. Olive attended the mid-west conference of general agents and managers of various life insurance companies which was held in Indianapolis, Ind. Monday. His return trip included a flight from Indianapolis to Chicago in an airplane.

Mr. and Mrs. Howard G. Working of Fruitport, Mr. and Mrs. Lloyd G. Miles of Kalamazoo, Mr. and Mrs. Frank E. Working of Holland gathered at the home of their parents, Mr. and Mrs. Earl Working, Sunday, to celebrate their 25th anniversary. Other callers in the afternoon were Mr. and Mrs. L. F. Allen of Grand Rapids.

Mrs. Henry Karsten of North Holland has returned home from University hospital in Ann Arbor where she spent seven weeks and underwent a major operation.

The following applications for building permits were filed Tuesday with City Clerk Oscar Peterson: George Danson, 145 West 23rd St., construct 12 by 20-foot garage, frame construction and asphalt roofing, \$175; Quality Millwork and Lumber Co., 74 River Ave., asphalt brick siding on south side of building and signs, \$150.

World Traveller Tells How German Danzig Really Is

Although Made Free State by League of Nations, Poles and Danzigs Don't Hit. Tells Interesting Side Lights

By Dr. A. J. Brouwer

DANZIG No. 3

One cannot learn to know Danzig just from reading about it or looking at pictures of its world-famous places. One cannot grasp all that the name Danzig implies without seeing with own eyes its entirety, without walking oneself through its streets and feeling its vitality. There is not one of the cities of the Old German Hanseatic League in which hoary antiquity and the spirit of the present are so closely intermingled. The populace of the city has retained and defended from her foundation, in spite of force and distress, their freedom and their German character. Her architecture and her artistic monuments are permanent witnesses to the German character of the city of Danzig and it is a question to me how long the League of Nations, with so many nations dropping out, can guarantee its independence.

Among the many old historic buildings and places is the Artushof or Arthur's Court built in the 14th century. The Town Hall of the 18th century, the Langer Markt, the principal street, Lang-gasse, where the nobility lived, and the rich merchants of the Hanseatic times, the Stockturn of medieval times guarding the main entrance to the city, a prison and a torture chamber, the "Hindenburg Allee," a magnificent avenue of four rows of 100-year-old lindenbaums, and still there are many more interesting unusual places. I cannot begin to describe them all.

From here we went by automobile to Loppot, an independent township in the territory of the Free City of Danzig, with a population of 30,000. It is a very famous place for its international sporting events, horse-racing, sail regattas, swimming, tennis, greyhound racing and dancing tournaments. It is a most popular seaside resort on the Bay of Danzig. The popularity of its great international casino, with its games of roulette and baccarat, has grown in recent years so that now it attracts people from nearly all the Baltic and Scandinavian countries and is frequently called "The Monte Carlo of the Baltic," but it has to go some before it can compete with the real Monte Carlo of France or Havana, Cuba. How people will gamble and how busy these places always are! It prides itself in being the pearl of the Baltic. The pavilions, air band concerts, etc., together with the vacationers from many lands, makes it a very amusing spot to spend an afternoon or evening. Its thousand-year-old streets, lined with dull red brick structures, have resounded to the noise of the marching Teutonic Knights as well as to the bustle of the Hanseatic merchants.

Befo, dating from 1742, was the drinking hall of the burghers and is still used as a sampling place for visitors of foreign lands. All kinds of famous German beverages are served free with the expectation of purchases. The place was so crowded that it was very hard to get in but much harder to get out. Many people came here just to sample drinks and "klets," and some really could klets after they imbibed a little too much of the sparkling wines and the spirituous fragments that loosened them up and set their vocabulary agoing. Nothing new under the sun, so it was here.

Then there was the "Roter Saal," which rivals the finest halls of this type of Germany. Many of our company attended the outdoor performance of the annual musical festival, the Wagnerian opera, given by the Loppot Forest opera, of special interest to visitors. More of Danzig next week.

Miss Grace Palmbo and Miss Bernice Schaap were hostesses at a surprise party honoring Miss Mildred Brandson at the N. Bosch home on West 12th St. The bride-to-be was presented with two gifts. They were released after treatment for head injuries. Gerrit Vos, aged 42, of rural route 6, Holland, the driver of the other car, was also unconscious but regained consciousness at Holland hospital. It was found by a representative of the Ottawa County Road Commission that someone had broken into the building at Tunnel Park, gaining entrance by smashing a window, according to Deputy Sheriff William Van Etta. Ben Lievense has held concession rights for several years, however, it was difficult to determine just how much had been stolen. The road commission supervises the county park.

Saturday, April 22, was the 81st birthday anniversary of John H. Crane of Fennville and he followed his customary practice of celebrating by setting out a new fruit orchard.

Allegan county libraries will feature a new list of books on child care and training furnished for loan by the W. K. Kellogg foundation, it was announced this week by Dr. M. B. Beckett, director of the County Health department. These and books on parent education were placed on the shelves of the libraries as soon as the mothers taking the course at the Merrill Palmer school in Detroit returned to the county. Libraries agreed to a meeting recently to the plan outlined by Mrs. Zoe Wright, librarian for the W. K. Kellogg foundation, which will give these mothers an opportunity to continue their studies along this line. These mothers will also be in a good position to refer other parents interested in books carried in the libraries on these subjects. From time to time, the books will be exchanged, so that new books will be available in the different communities at all times.

THE SUNDAY SCHOOL LESSON

April 30, 1939.
Paul Crosses Into Europe—Acts 16:4-15.

Henry Geerlings

It was a strange gateway through which we ourselves pass into fields of service. If we were to sit down and go over our life's experiences and select those events which gave new direction to our thinking and new adventures to our days we should be somewhat amazed at just how things happen. It is indeed strange that we should have gone to this place and met that person and thereafter life was different. Have you ever wondered just how it came about that you are doing the life work that you are doing or that you are living just where you are? The many causes that have shaped our lives and the many events that you have had a peculiar influence upon our choices are surely quite romantic and even mysterious enough to make our life story of more than ordinary interest.

Paul's vision in Troas belongs to those peculiar experiences that have determined power respecting the direction of life. He saw a Macedonian appealing to him to come over in his country to help them. The man of the vision seemed to feel that Paul had something which he and his fellow countrymen needed. At least, Paul concluded that this was a call to preach the gospel in this new field. Of course, just how the vision took place we do not know. That this man of the night was only a dream man we should not like to assert. At any rate, it is not beyond possibility that God used this vision to build an urge of God into Paul's soul. There is nothing fantastic in believing that God makes impressions upon the human mind in different ways.

The reception he received when he arrived in Philippi was anything but one to confirm the conviction that he was wanted there. His vision had faded and there was nothing left to give it ground in the actual life of this city. But the conviction still remained in Paul's soul. He was still undaunted and undaunted. He was ever looking for an opportunity to get a start. He kept his eyes and his soul open. At length the opportunity came. On the Sabbath he went to a prayer meeting on the bank of a river. There were only a few women there, as there are at many a modern prayer meeting. He told the gospel story to these interested women. He made one convert, but she was a wonderful woman of good standing and we have reason to believe of much influence.

We do a great deal of talking about the modern business woman, as if she were a strange phenomenon belonging only to our modern age. She is not a new something in the history of the world. Paul started the church at Philippi with a business woman and we are quite certain that she must have been an influential factor in the life of that church. And then this business woman has the high honor of being the beginning of the Christian conquest of Europe and the western world.

This good and noble woman presents a rather pathetic figure over against the dark background of that vast pagan world to be Christianized. Seeing her it would seem that to dream of building a vast spiritual empire across this pagan night was but the absurd thing that could tempt the imagination of men. But here is romance far

beyond any other romance. And while Europe and America are far from being areas of heaven it is still true that Christianity has built up a marvelous civilization in these parts of the world. It is still true that they stand as proofs of the fact that the impossible can be done. But the task of the church is not yet finished. The spiritual empire of Christ is not yet fully established in all the world or even in any part of it. Indeed, there is still a mighty challenge to go forth. One can easily see Macedonian men calling today to come over to help. A great need is a call. We need not sit around waiting to hear some voice or to be persuaded by some peculiar philosophy of missions that the world needs the healing and inspiring and saving gospel of Christ. Nor are we justified in waiting until we have settled all modern disputes as to what constitutes real Christianity to do our simple duty of helping to make a more Christ-like race of men.

REPORTS OPOSSUM INCREASE STEADY

Continued reports show that the opossum is steadily increasing its numbers in Michigan after a severe setback caused by the unusually cold winter of 1935-36.

One of the few animals able to not merely maintain itself in the face of man's settlements but to actually thrive, increasing its numbers and extending its range northwards, the opossum is considered a survivor, a left-over from primeval times.

Called "The Silver King"

The tarpon, known as "silver king" is the prize for which sportsmen travel hundreds of miles and spend a great deal of money, and although the tarpon is not a food fish, its terrific fighting power, and its habit of leaping high in the air repeatedly until it is free or brought to the boat, make it famous. Tarpon are found inland, in brackish and fresh water, as well as in the salt water bays and on the shoals. The coast of Florida and along the Gulf of Mexico includes many noted tarpon grounds. Tarpon get to be six feet or more in length, and have been taken, with hook and line, weighing up to 240 pounds. Sportsmen frequently set free the smaller tarpon, not big enough for trophies, sometimes taking off one of the big scales as proof of the catch. Fred Everett painted the tarpon for the 1939 Wildlife Week poster stamps, distributed by the National Wildlife Federation.

with—
3 tablespoons butter, melted and then add to corn mixture, mixing well.

Pour into well greased baking dish. Bake in a moderate oven (350° F.) 40 minutes.

FANCY FRUIT CUSTARD FILLING

Next time you want to serve an extra luscious dessert to the bridge club, try our method of making fruit filling for a Washington cream pie. First we turn out a smooth creamy custard enriched with an infusion of whipped cream. Then, we add a cup of home-style mince meat, currants imported from the Isle of Greece, rare spices, amber colored raisins and choice beef. It's the mince meat that gives this dish the extra rich, fine flavor. And it's no task to add the mince meat either. All you have to do is open a tin or jar of the ready-prepared mince meat, spoon out a cupful and merge

with the custard mixture. Tuck a generous portion of this filling between two layers of cake and you'll have a dessert that's guaranteed to please the ladies. Following are the exact directions for preparing this:

FRUIT CUSTARD FILLING FOR WASHINGTON PIE

Scald—
1½ cups milk.
Combine, in top part of double boiler, blending well—
2 eggs, slightly beaten
1 cup sugar
2 tablespoons flour
teaspoon salt.
Add scalded milk slowly, then cook over boiling water until mixture thickens.

Soak for 5 minutes—
1½ tablespoons plain gelatin
¾ cup cold water, then add to hot custard. Chill, then beat.

Fold in—
1 cup mince meat
1 cup whipping cream, whipped
1 teaspoon vanilla.
Chill again. Spread between layers of plain butter cake.

Note: You can serve this filling straight as a Bavarian whip or you like. And, too, it's fine spooned over cup cakes, or mingled with little cubes of yesterday's left-over cake. So you see it's adaptable as well as delicious.

CORN PUDDING

Combine—
1 No. 2 can cream style corn
2 eggs, slightly beaten.
Mix—
1 cup rice flakes

THRIFTY TRICK

A fine way to use up left-over mashed potatoes is to combine them with ground round steak in meat cakes. The potatoes will make the meat patties as light and fluffy as if made of a choice cut of meat. Then, for the finishing touch, pour a canful of onion soup over the meat cakes and let them simmer in this savory sauce while you set the table and finish up the rest of the dinner. Here is a fine luscious supper dish your menfolk will take to at first-taste:

GROUND STEAK WITH ONION GRAVY

Combine, mixing well—
1 lb. round steak, ground
1 cup left-over mashed potatoes
1 teaspoon salt
¼ teaspoon pepper.

Form into 8 flat round cakes, then dip in—

Flour.

Fry on both sides until browned in—

2 tablespoons fat.

Pour over meat—

1 medium (16 oz.) can onion soup.

Cover and simmer for 45 minutes.

DIXIE DANDY

Down south in Dixie where the food has a reputation for being good, they serve a dish that's as fine as anything you ever put to your lips, and that's corn pudding!

Creamy, custard pudding with the flavor of sweet corn all through it and a dappled brown crust on top. That's one of the favorite ways of serving corn down there, and that's

the way you can serve it, too, if you follow this quick and easy recipe. If you'd like to convert the pudding into a main course supper dish, just add a cup of diced chicken and serve in a capacious casserole. Here's how:

CORN PUDDING

Combine—
1 No. 2 can cream style corn
2 eggs, slightly beaten.

Mix—

Marcus played "Adoration," by Borowski, "Be cause," by d'Hardelot and "Meditation," by Massenet. Miss Grace Schreur sang "Still as the Night," by Bohm. As the bride party assembled, Mrs. Marcus played "Bridal Song," from Lohengrin by Wagner, and after the ceremony played "Wedding March" from Mendelssohn's Midsummer Night's Dream. The bride's gown was white satin, fashioned on princess lines, with a train. Her veil was tulle, and she carried a small white Bible with sweet peas. Mrs. L. Damstra was matron of honor, and her gown was old rose taffeta trimmed with tulle ruffles. Her bouquet was of pink and white roses. Henry Bos was best man. C. Unema and J. Tripp were ushers. Approximately forty guests were present at the reception following the ceremony, which was given at the home of the bride's parents, Miss Louise Unema, Miss Fanny Unema, Miss Lavine Van Zanten, and Miss Harriet Steketee. Out-of-town guests included Mr. and Mrs. L. Damstra of Kalamazoo. The newlyweds were both graduated from Holland Christian high school, and Mr. Bos is employed at the local post office, while Mrs. Bos is connected with Steketee's Beauty Salon. They left for a wedding trip to the southern states, and for traveling the bride wore navy with light blue accessories. After May 1 they will reside at 190 West 15th st.

A party marking three birthdays was held at the home of Mr. and Mrs. Bert Van Dis at East Saugatuck. The occasion was the 56th birthday anniversary of Mrs. Van Dis, and the second birthday anniversary of her twin grandsons, Benjamin and Lambertus. Games, including Chinese checkers, were played, and a two-course luncheon was served. Each of the guests of honor received several gifts. About 19 guests were present.

OTTAWA REPRESENTATIVE OBJECTS TO RECENT CIVIL SERVICE LAW

Representative Nelson A. Miles of Holland in a communication sets forth several objections as this relates to the Civil Service law passed some time ago. He contends that it adds an expensive department to state service now and the state is burdened with taxes and financial responsibility.

He further contends that the operating expenses of Civil Service during the past year has been over \$330,000; and wants \$70,000 more to complete the year, and \$310,000 for each of the coming two years. He claims that Civil Service will add to operating expenses more than \$900,000.

It has added a super department of personal management, something over and beyond Civil Service and merit system. This cannot be justified on the grounds of what has or what can be accomplished, Mr. Miles believes.

It takes the matter of compen-

sation and department cost, a strictly financial matter, away from the legislature and places it in the hands of a director far removed from appointment by the people which is protected and perpetuated through so-called Civil Service.

Mr. Miles states that it has tied up employment in state institutions where party politics have been unknown, and he believes it very detrimental to service aside from the increase in the operating cost. This Civil Service law prevents the party in power from carrying out its pre-election party pledges of economy and efficiency, which is exacted of the people since our government is a party government.

Mr. Miles believes that the party in power should have control of government affairs, or otherwise elections mean nothing since candidates are generally elected on the platforms, pledges, and reforms that they hope to adopt, should they succeed to office.

The law is also weak relative to employees from political exploitation and the solicitation of campaign contributions to the party who gives them their position.

The Holland attorney also states that the present Civil Service law makes no provisions for old-age security of employees and is weak as to its provision relative to the preference of veterans. Mr. Miles claims that the bill passed recently is a genuine Civil Service act and can be operated for \$50,000 instead of ten times that much. It puts financial responsibility where it belongs, it removes Civil Service from state institutions, which in the old law is highly undesirable.

In a recent publication relative to Civil Service, showing the employee turnover under the so-called "Spoils System" for a period of ten years from 1926 to 1936, percentage of turnover of employees was 17.7 in all departments and institutions. Mr. Miles contends that under one year of Civil Service regime in this state, the employee turnover was approximately the same, and it has not stopped employee turnover, be it Civil Service or the old method under which the state has been working for years.

Mr. Miles cites the figures from several states where the merit system is in vogue, and he says that in all the states the turnover available in those states, the percentage ranged from 32% to a much higher figure annually under Civil Service, while under the old system in Michigan it was only 17%.

Mr. Miles believes that much money can be saved in the elimination of the recent Civil Service bill. To all taxpayers, especially during these stressful times the lower taxes are very essential, and he believes that under the present economic condition it is almost impossible for a decent merit system under any kind of a law to survive.

SUNDAY DINNER Suggestions

By CORA ANTHONY
Director of A&P Kitchen

ASPARAGUS is nearing the height of its season and prices are as low as can be expected. Strawberries and pineapples are plentiful and very reasonable in price. Outdoor rhubarb is about to reach market and how good its delicate tartness will taste.

Salad greens, broccoli, cauliflower, peas and spinach are good values. Cabbage is still high.

Beef, pork, veal and poultry are all reasonable in price. Eggs, butter and cheese are in the low price group. Increasing supplies of fresh fish and seafood are available each week.
